

## 2016 MOBILITY MANAGEMENT PUBLIC MEETINGS

NDOR and SRF Consulting are hosting public meetings across Nebraska to provide information and gather input for the Statewide Mobility Management project. The objective of this project is to identify strategies that will improve efficiencies and increase transportation options across the state. NDOR and SRF are currently working with private and public transportation providers to identify coordination opportunities. For more information about mobility management and the project visit our website at [nebraskatransit.com](http://nebraskatransit.com). Join us at the public meetings or submit comments to the address listed below.
